

2011 Big Sky Draft Horse Expo **ROW CULTIVATING**

Objective: The object of this contest is to cultivate a simulated row crop. Driver skill in operating the cultivator and controlling is key.

1. Show management will provide identical cultivators set to the same shovel spacing and depth. All drivers must use these cultivators. In order to move the show along, more than one cultivator may be used.
2. Time in the course cannot exceed 5 minutes. Time will be used only as a tiebreaker.
3. One point will be ADDED for each “Plant” that is hit and knocked out of place by hooves, shovels, wheels, lines or dirt.
4. Judges have the discretion to move the course should it become too well traveled for fair competition.
5. All drivers will enter the course from the same side.
6. No loping is allowed.
7. Time will start when the center of cultivator wheel crosses starting line and will end when the center of the cultivator wheel crosses the finish line.

All Drivers will start with ZERO Points

- One Point will be ADDED for each “Plant” that is hit and knocked out of place
- Twenty (20) Points will be ADDED for breaking pattern.

DRIVER WITH LOWEST POINTS WILL BE WINNER!
(Time will be used as a tiebreaker.)
